# The Digital Train Saver™

Innovative Model Railroading Screen Saver and Wallpaper Changer

## The Digital TrainSaver™ - Fully Customizable

The Digital TrainSaver™ is a new dimension in Model Railroading Screen Savers. It comes with a library of trains images from around the world. The screen saver's unique specialty is its capability to be customized. Add, remove or preview your images. Scan images of your trains and add them to the Screen Saver. This advance screen saver has an image location feature. User has the choice to locate the image in the center of the screen or present it in full window. The screen saver will automatically stretch your image to fit full screen. Usage is simple and mainly intuitive. The Digital TrainSaver™ was designed especially for the model railroader. The Digital TrainSaver™ has special transition graphic effects while changing the images. The screen saver is fully supported by windows and does not interfere with the system. The system includes password protection.

# ***The Digital Train Saver™***

**Innovative Model Railroading Screen Saver and Wallpaper Changer**

## **WallPaper Wizard - Customizable Desktop**

### **WallPaper Auto-Changer**

**The CD-ROM also includes WallPaper Wizard - Desktop Utility!**

**Change your desktop wallpaper automatically. Add images to your desktop wallpaper. Set the time of change and the order. Add, remove or preview your images. The WallPaper wizard was especially designed for Model Railroaders. WallPaper Wizard comes with a ready-made library of trains images and other images for your desktop.**

**These two utility programs were designed based on the recent graphics technology and include unique special effects for the model RR fans! The major advantage of this software is the customization capability. Your screen Saver and WallPaper wizard can be fully customized and become a user-defined showcase. Add any kind of images for your enjoyment.**

***The NEW Digital TrainSaver™ has over 100 Images!  
There's nothing else like it!***

**MS Windows 98/ME/NT/2000/XP**
