

Train Trek Intelligence™

New Dimension Digital Manual Control

Especially Designed for:

märklin
DIGITAL/DELTA

Train Trek Intelligence™

New Dimension Manual Control

- ✚ **Advanced Inventory System** - Train Trek™ Intelligence keeps a complete database system of your Digital Inventory. This easy to use database system can store all of your model railroading components including an item's image!
- ✚ **Control your layout manually directly from the computer screen** - Your inventory is automatically connected to the digital control. Simply select your train or any digital component from the inventory and control it directly!
- ✚ **Entire Layout Operation with a click of a button** - Control all layout operations using knobs, switches, sliders and buttons. Accelerate/decelerate engines/trains, change speed, direction and activate lights, smoke or any digital function with a click of a button! Switch turnouts and control accessories. *Simple for use, mainly intuitive!*
- ✚ **Single and Multi Train control** - Train Trek™ Intelligence provides the user with a single or a multi train control panel to control up to ten (10) engines/trains at the same time. Each engine/train can be individually controlled to its full capability including the activation of functions and features. This option also provides a turnout control feature to navigate your train. You will be able to control fifteen (15) turnouts within the layout.
- ✚ **Includes Expert Engineer™ our innovative control panel** - Expert Engineer™ provides an entire world of possibilities. Now you have all the freedom to operate Trains, Turnouts and Accessories directly from the main panel. With Expert Engineer™ **there are no limitations on the number of trains and turnouts!** *Here you set the limits!*
- ✚ Train Trek Intelligence is easy for use, mainly intuitive! It comes with a user friendly users' manual and a 'To Get You Started in 3 easy steps' guide!
- ✚ Requirements: MS Windows 98/ME/2000/NT/XP, Pentium Based System, 128 MB RAM, 20 MB HD, SVGA
- ✚ 24/7 Customer support via our Web site at www.tayden.com
We guarantee to answer any email within hours!
